Electric Connections

Rates quoted for electrical connections cover only the bringing of service to the booth in the most convenient manner and do not include any special wiring. All wiring and electrical work on exhibitor's display will be charged on a time and material basis. All equipment must be properly tagged and wired with complete information as to type of current, voltage, phase cycle, horsepower, etc. It is the exhibitor's responsibility to avoid overloading circuits. All connections will conform to the National Electrical Code, City Code and Building Regulations. Electrical power for lights and displays will be turned on one hour prior to show opening and turned off at show closing. If power is required before or after these times, special arrangements must be made with the SCC Maintenance Engineer.

All requests received less than 7 days prior to show move in will be charged at floor order rates**Electrical Connections (Lights, VCR, Etc.) 120 Volt, Single Phase, 60 Hz Ac (Labor Included)**
